15<sup>th</sup> September 2023

Dear Parent/Guardian

**Year 3 Science Workshop – Friday 13<sup>th</sup> October 2023**

We are excited to be organising a visit from the FabScience team to deliver a Science Workshop on **Friday 13<sup>th</sup> October 2023**. This will link with the children's exploration of forces and motion as part of their science lessons this term. They will investigate air pressure, gravity and inertia – taking part in fascinating experiments, including an air-powered rocket launch!

This workshop will take place in school, during the school day, with children also taking part in other exciting science experiments linking to magnetism and metals and light and shadows throughout the day.

The total cost for this workshop is **£8.00 per child** which covers the visit and all materials required for the day. All payments should be made via the ParentMail app, please speak to the office if you need any help doing this. **Please ensure the workshop is paid for by Friday 6<sup>th</sup> October 2023.**

Many thanks

Mr M Carpenter  
Year 2 and 3 Leader of Learning
