

E Safety

E-safety is a fundamental part of children's education in today's digital world and is embedded in their learning at school. We also want to help our parents and children improve their own understanding of e-safety issues so they can learn to use the internet and all digital media in a safe and secure way.

Social media restrictions

You can download the latest DoFE advice for parents on cyberbullying [here](#)

You can access the DoFE online parents support website called Parent Info [here](#)

NSPCC 'Net Aware' The NSPCC have completed consultations in schools across the country about e-safety and the use of social media by children. This has fed directly into their new 'Net Aware' guide for parents. The following link takes you to the website and it enables you to search by name for the different social media sites, apps and games your children might be using. The guide offers advice on the content of these sites, the appropriate age and if there are any risks involved. The NSPCC also have 'Useful Links' at the bottom of the Net Aware site which offers guidance on how you can help your children stay safe online and how to talk to them about the use of social media

[Share Aware \(NSPCC\)](#)
