Friday 16<sup>th</sup> January 2026

Dear Parents,

I am writing to let you know about some work that will be taking place at the school over the coming weeks. The school's fire alarm system is going to be replaced by a company called Oakleaf. So that the work can be carried out without disturbing the children's learning, Oakleaf will be working through the night at the school. There should be no disturbance to our neighbours, but I wanted to let you know that there will be vehicles in the school car park and lights on in the school later than usual.

If there are any problems, please do not hesitate to let me know and I will speak to Oakleaf immediately. The workers will be working from 4pm-2am Mondays to Thursdays for the next 6 weeks.

The new system will provide a modern fire alarm with flashing lights, as well as a number of features that will enable us to ensure the safety of everyone in school.

Thank you for your continued support.

Kindest regards,  
Richard Hawkins  
Head Teacher
