

English

Following the Green Park's Talk for Writing approach, children will develop their language and writing style around instruction and narratives.

Maths

Following the White Rose Scheme, children will build on their knowledge of place value and apply it to new learning around the topics Decimals and Money.

Religious Education

Children will focus on exploring on 'What can we learn from religions about deciding what is right and wrong?'

Science

This term the children will be focussing on learning all about sound! This project teaches children about sound, how sound is made and how sound travels as vibrations through a medium to the ear. They learn about pitch and volume and find out how both can be changed. They will also be following the topic Potions. This project will develop children's knowledge of the properties of materials. Children learn the properties of solids, liquids and gases, recognise hazardous materials and learn how and why medicines, such as anaesthetics, were developed.

Art & Design

In Art and Design this term children will explore and apply techniques that artists use when composing landscape images, such as colour and atmosphere.

Music

In Music this term children will be exposed to the genre pop! The unit of work is focused around one song: Blackbird by the Beatles.

Physical Education

In PE this term Kensington will be working on their athletic skills ready to support them in taking part in our yearly Sports day. Regents Class will be continuing their swimming lessons and building their confidence in the water.

Spanish (MFL)

Children will continue to develop their Spanish language by looking at how to say certain actions in Spanish and learning Spanish vocabulary around the body.

Computing

Children will explore designing, writing and debugging programs.
