May Newsletter

Message from Mr. Hawkins

In the school year, Term 5 is nearly always the shortest, but also the busiest. This term has seen Year 6 children take their SATs tests in Reading, GPS and Maths. We've also managed to hold 2 of our 3 sports days (the weather gods finally smiled on us) and the children have taken part in trips to Richborough Fort, Kearsney Abbey and Betteshanger Park.

I must commend our Year 6 children for the way they approached the SATs tests. It was clear that the hard work the children and staff have been putting in is paying off- they took the tests with confidence and knowledge, and I hope their results will reflect their endeavours.

It was wonderful to see the children taking part in sports days this week. Sport is such a powerful tool for teaching children about life- learning to be part of a team, accepting success and failure in the right way, working hard and most of all, having fun with friends. As the husband of an Olympian and World Record holder (feel free to ask me about this), I have witnessed first hand the transformative power that sport has. There are so many opportunities for young people to become involved in sport locally. Rugby, Football and Cricket clubs all advertise for children to join up and many of these offer free sessions. Dance and cheer groups are extremely popular and we have tried hard to introduce our children to sports they may never have tried, such as Tennis, which Year 4 have been receiving coaching in this term.

The summer is the perfect time to explore those options and get your child involved.

I hope you enjoy the break- the weather looks set to be great!

Children return to school on Tuesday 2nd June.
