Hot weather this week

Dear Parents,

Whilst many will welcome the hot weather this week, those of us that work in a school feel less happy about this. We will, of course, continue to do a wonderful job working with the children, but you can help us by:

- Making sure your children are dressed appropriately. Our school uniform is summer-friendly, but your child may also wear their PE kit if that helps them to keep cool. A hat is essential.
- Protecting your child from the sun. We will be putting measures in place to ensure the children do not spend too much time in the sun, but they will need to spend some time outside. Please provide them with sun cream (factor 50+) and a hat. Sunglasses are also a good idea.
- Water: Children are given plenty of opportunities to have a drink throughout the day and we will be encouraging the children to drink more during these hot days. Please make sure your child has a water bottle.

Some planned events will not be taking place this week:

- The Year 5/6 cricket team event at Betteshanger is not taking place.
- Greenfest is postponed until Wednesday 8th July. (All wristbands remain valid).

Thank you for your help.

Yours sincerely,
Mr Hawkins
