Tuesday 1st September 2026

Dear Parents and Carers,

I hope you all had a wonderful summer holiday, enjoying the glorious weather.

During the summer, our last working boiler failed. We have been working hard during August to ensure that this will not be a problem moving forward. When you come to the school tomorrow, you will see a large metal container in what was part of the car park. This is our temporary boiler- I'm assured that it is fault proof and will easily supply us with all the heat and hot water we will need.

New boilers are going to be installed in the coming months.

In the meantime, we have lost some parking spaces and this is why I'm writing to you. Parking in the staff car park is in high demand and I'm asking that you do not park in the car park when dropping children off to breakfast club or when picking up from after school club. There simply won't be enough space for this.

Those parents with existing arrangements for disabled parking may continue to park, but are asked to be ready to move their vehicle should it be blocking someone in.

Thank you for your understanding. We're looking forward to finally solving the boiler issues.

Yours sincerely,
Mr Hawkins
Head Teacher
